

Hello, I am a resident of Jericho and US Army & VTARNG veteran as well as an NRA Safety Instructor. I am writing you to ask the committee to please deny all the requested, unconstitutional Burlington Charter changes (H566, 567, 568). All are a violation of the VT Sportsman's Bill of Rights, as well as having issues with Articles 2 and 10 of the US Bill of Rights and Article 16 of the VT Constitution.

Not only are they wrong, and will make people far LESS safe in Burlington, but they will be challenged and lose in court, costing a waste of tax dollars fighting it. Your own legal counsel told you this last year. Please put this to bed for good.

Thank You for your service,

Erik Bailey
